Terms and Conditions of Sale

1. All prices quoted F. O. B. Mentor, O. Boxing and baling extra at cost unless order is prepaid AT LEAST TWO WEEKS before requested shipping date. Then boxing on rose orders only is free and cash discount of 2% also applies.

2. Where satisfactory credit established, customary terms are 2% 10 days from date of invoice or 30 days net. Orders accepted for C. O. D shipment MUST be accompanied by 25% deposit.

3. Interest automatically charged at rate of 6% per annum, computed monthly on past due accounts.

4. Lacking specific shipping instructions, we will use our own judgment for which we can assume no liability. We naturally prefer Railway Express insured carriers.

5. All shipments leaving our warehouses are packed to arrive at destination in good condition if properly handled by the carrier. Claims for goods damaged in transit MUST be originated by the consignee to the transportation company and should be made AT ONCE upon receipt of same.

6. Great care is exercised to label all stock true to name. In event of error, however, our liability is limited to free replacement or refund of purchase price.

7. All stock is offered subject to prior sale and orders accepted subject to crop yield.

8. Material received, not meeting your approval, MUST BE reported immediately upon receipt of same. We suggest a telephone call.

Our stock is two year old, field grown, budded on the best of understock and is carefully dug and graded to assure you of the best quality.

To establish your price on bare root Non-Patented Roses use volume total of all roses ordered. For instance, if you order 150 Non-Patented and 360 Patented Roses you will be charged the 500 rate on the Non-Patented varieties. THIS APPLIES ON ORDERS FOR 10 OR MORE OF A KIND ONLY.

Prices for Non-Patented Roses (Bare Root)

***The extra charge for less than 10 of a kind is to cover cost of handling, breakage, etc.**

Full color 5″ x 7″ rose pictures for each variety on your order furnished on REQUEST ONLY. FOR YOUR CONVENIENCE IN POTTING, all #1 and #1½ grade roses, both Patented and Non-Patented, now individually labeled.

Prices of Patented Roses (Bare Root)

The price of No. 1 grade is as quoted for each individual variety. The price of the No. 1½ grade is twenty per cent less than the No. 1 grade price. The quantity rate of patented varieties is determined by the number of each variety ordered, rather than the total of all varieties. No. 2 grade roses offered only where shown. *Less than 5 of 1 kind of patent roses will be priced at the retail rate less 25%.*

Because of the additional labor that would be involved at an already extremely busy period, our No. 1½ Grade cannot be ready for shipment until late December or early January.

All patented roses are grown under License from the various patent holders.
